**RE: Southwestern Telephone Company, Access Services Tariff (A.C.C. Tariff No. 1);
Intrastate Switched Access Service Changes**

Dear Ms. Madrid:

T-01072A-16-0166

Enclosed please find the original and 13 copies of the following tariff sheet (s):

A.C.C. Tariff No. 1 Access Services

Section 12

Fifth Revised Sheet 12-1

Fourth Revised Sheet 12-1.1

Third Revised Sheet 12-1.2

The purpose of this filing is to remove specific intrastate terminating Switched Access rates and replace them with a reference to the Company's interstate terminating Switched Access rates. Per FCC Rule 51.909(a)(4) and (a)(6), the Company's intrastate and interstate terminating switched access rates shall be in parity. In having the reference included in the tariff, the Company will avoid needing to make a tariff filing each year when interstate rates may change.

With this filing, we are also removing language within General Regulations for the PIU Floor % portion that was for terminating switched access traffic that did not have sufficient call detail to determine the proper jurisdiction. This language is no longer necessary because the Company's intrastate switched access rates are the same as the corresponding interstate switched access rates.

The proposed effective date for this filing is July 1, 2016.

If you have any questions, please contact me at (608) 664-4169.

Sincerely,

Rachelle A. Ladwig

(B) Disputes Involving Jurisdictional Reports

For Switched Access, if a jurisdictional dispute arises concerning the projected interstate or intrastate percentages, the Telephone Company will notify the customer to provide the data the customer used to determine the projected interstate or intrastate percentages. The Telephone Company will not request such data more than once a year provided that the customer complies with the initial request. The customer shall supply the data within thirty (30) days of the request.
